Re: Odessa, Texas
(BPED-840731IE)

Ref.

Dear Mr. Tricarico:

Transmitted herewith on behalf of Family Stations, Inc. is a request for an extension of time to file material to bring the above-referenced noncommercial educational FM broadcast station into compliance with the new rules concerning FM interference to Channel 6 stations.

Family is aware that the Commission Memorandum Opinion and Order of June 20, 1985 set October 1, 1985 as the deadline for filing material necessary for compliance. Family's consulting engineer is, however, a resident of Massachusetts and has been without power as a result of Hurricane Gloria; he was unable to complete the necessary engineering. The engineer has had conversations with FM branch staff to explain the situation and to assure them that the material will be delivered as expeditiously as possible.

Because the hurricane created circumstances outside of the applicant's control, Family Stations, Inc. respectfully requests a brief extension of time in which to file.

Should any questions arise concerning this request, please contact the undersigned.

Very truly yours,

Alan C. Campbell
